**USWITCH.COM COMMENTS ON LAUNCH OF THREE'S ALL-YOU-CAN-EAT DATA ON  
PAYG**

Three will today shake up the mobile phone market by launching an 'all-you-can-eat' data package for Pay As You Go customers for just £15 per month, allowing customers to truly experience 'unlimited' data.

**Ernest Doku, technology expert at [uSwitch.com](http://uSwitch.com)**, comments: "Three's new All in One tariff brings the smartphone experience to the masses, allowing prepay owners to surf, download and tweet to their heart's content, without fear of being stung by hefty data charges.

"£15 per month is a small price to pay for 30 days of unlimited internet access so this move is sure to bring consumers flocking to the data-savvy network. Factor in 300 any network minutes and 3,000 texts, and this deal stacks up favourably against the best pay monthly contracts, let alone prepay."
